SECTION A – DEFINITIONS

101 CARGO

Any solid, liquid or gaseous substance, product or Hazardous Material transported to, from, in or through the jurisdiction of the Dubai Port Authority and involving the use of Port's Facilities.

102 DAY

A calendar day

103 ENVIRONMENTAL LAWS

All federal, PCFC (Ports, Customs and Free zone Corporation) or Dubai municipal laws, rules, regulations, statute, ordinances, permits or orders, and any judicial or administrative interpretations thereof, relating to (a) the prevention, control, or management of pollution, (b) the protection of the environment, including but not limited to, air, water, groundwater, land, soil, sediments, humans, animals, and vegetation, (c) solid, gaseous or liquid waste generation, handling, treatment, storage, disposal, discharge, release, emission or transportation, or (d) regulation of or exposure to Hazardous Materials and/or petroleum products.

104 HAZARDOUS MATERIAL(S)

Any substance or material that is listed, defined or otherwise designated as (a) "Hazardous Substance" under the PCFC EHS Regulations including IMDG Code; (b) any chemical or Volatile Organic Compound (VOC); (c) any hydrocarbons, petroleum, petroleum products or waste; (d) any metabolite or chemical breakdown product or derivative or component part of substances identified above; and (e) any other chemical, substance or waste, that is regulated by, or may form the basis of liability under, any Environmental Laws.

Dangerous Goods -

Any of the following cargoes, whether packaged, carried in bulk packaging or in bulk, within the scope of the following instruments:

- Oils covered by Annex I of MARPOL 73/78
- Gases covered by the codes for the construction and equipment of ships carrying liquefied gases in Bulk
- Noxious liquid substances/chemicals, including wastes, covered by the codes for the construction and equipment of ships carrying dangerous chemicals in bulk and Annex II of MARPOL 73/78
- Solid bulk materials possessing chemical hazards and solid bulk materials hazardous only in bulk (MHBs), including wastes, covered by group B schedules in the Code of Safe Practice for Solid Bulk Cargoes (BC Code)
- Harmful substances in packaged form (covered by Annex III of MARPOL 73/78) and dangerous goods, whether substances, materials or articles (covered by the IMDG Code)

The term dangerous goods includes any empty uncleaned packaging which previously contained dangerous cargoes, unless the packaging have been sufficiently cleaned of residue of the dangerous cargoes and purged of vapours so as to nullify any hazard or have been filled with substances not classified as being dangerous.

105 PORT AUTHORITY

The Dubai Port Authority and / or the Ports Customs and Free zone Corporation.

106 PORT OPERATOR

DP World UAE Region FZE.

107 PORT FACILITIES

Any wharves, docks, piers, sea channels, sheds, warehouses, land, structures, pipelines and extensions thereof and appurtenances there to, equipment and appliances of all kinds situated within the jurisdiction of and/or owned, operated or leased by the Port Operator, included within Mina Rashid , the Jebel Ali Port and Mina Al Hamriya.

108 CIRCULAR

This Tariff, Circular (1st January 2017 edition), and any subsequently issued Tariffs, Circulars or amendments hereof.

109 USER

Includes (1) any person or entity using the Port facilities or to/from whom any service, work or Labour is furnished, performed, done or made available by the Port Authority/Port Operator or any other person using the Port Facilities, (2) any person or entity owning or having custody of Cargo moving in, over or through the Port Facilities; (3) all Vessels and their owners, operators, crew and agents; and (4) any other person, firm or corporation that conducts business at the Port facilities.

110 VESSEL

Except as otherwise specified, when the term "Vessel" is used in this Tariff, it shall be held to mean floating craft of every description and shall include in its meaning the term "Owners, Charterers, Operators and Mortgagees thereof".

111 SERVICES

Any and all services conducted within the Port Facilities.

112 SOCIETY

Authority certifying Vessels sea worthiness.

113 TON

Unless otherwise specified, all "Tons" shall be regarded as "Freight Tons" and shall be determined by a weight Tonne of 1,000 kilos or a measurement of one cubic meter whichever is greater.

114 STEVEDORING

The physical handling of Cargo on-board of the Vessel from or to the Vessel's hook or point of discharge or load. This includes supervision and management. Irrespective of the terms of shipment, payment of stevedoring and related service charges will be the responsibility of the shipping line and/or his agent.

115 CONTAINER

The terms "Container" or "Containerised" when used in this Tariff refer to the standard ISO Container, suitable for stacking and transportation of dry, liquid gas or refrigerated Cargo, constructed of metal, fibreglass, plastic or wood, which confines its contents and must be capable of being handled as a unit and lifted by a crane with a Container spreader.

116 POINT OF REST

The area at the Port which is assigned for the receipt of inbound Cargo or Container from the Vessel and from which inbound Cargo or Container may be delivered to the Consignee's Agent or loaded on a Vessel in the case of transshipment and that area which is assigned for the receipt of outbound Cargo or Container from Shipper's Agents for loading on-board a Vessel.

117 OPEN/COVERED STORAGE, PARKING AREA AND/OR MARSHALLING AREA

The term open/covered storage, parking area and/or marshalling area, as used in this Tariff, refers to those areas at the Port Facility where Cargo or Containers may be held in custody of the Port Operator as instructed by the Owner or Agent. This area is considered as Port Facility storage.

118 FREE TIME

The specified period during which Cargo or Containers handled over the quay may occupy space assigned to it in the Port Facility, free of storage charges, either prior to the loading or subsequent to the discharge of such Cargo or Containers, and shall include:

- a) Import and Transhipment Container free period will commence from the date of discharge from the Vessel;
- b) Import and Transhipment non-Containerised Cargo free period will commence from the date of completion of off-loading of the Vessel or on the third day from commencement of operation whichever occurs first; and
- c) Export Containers and non-Containerised Cargo free period will start from the date of receipt in Port Facilities.
- d) No free period shall apply for the containers received by road which were not originally discharged at DP World Port facilities.

Note: Export and Transhipment Cargo storage charges will be raised to the Agent.

119 TRANSHIPMENT

“Transshipment Cargo or transshipment Container” means goods landed from a Vessel and placed in the custody of the Port Operator for the purpose of shipment on another Vessel. To qualify for the transshipment Cargo rates the Cargo must be discharged by the first carrier onto the Port Operator terminals and remain in the custody of the Port Operator until it is transhipped on-board the on-carrying Vessel at the Port Operator terminals.

120 HOMEPORTING CRUISE SHIP CALLS

1. Dubai should be the starting and finishing port for the ship's itinerary and with a minimum of 6 such calls to Dubai in a season (September to June).
2. Complete passenger turnaround (embarkation & disembarkation) should be done in Dubai throughout their regular itinerary in the season.
3. The respective Cruise Liner should officially declare and advertise Dubai as their Homeport.
4. All above criteria need to be met by the Cruise Liner

121 NON-HOMEPORTING CRUISE SHIP CALLS

Any Cruise Ship / Liner that does not meet all the above mentioned criteria will be considered as a non-home porting ship call.

SECTION B - GENERAL CONDITIONS

201 ADMINISTRATION

The administration of the Port Operator is under the Port Authority. The Port facilities covered by this Tariff are Mina Rashid and the Jebel Ali Port located in Dubai, United Arab Emirates.

202 JURISDICTION

The Port Authority has jurisdiction over all of the Port Facilities.

The Port Operator has the sole right to operate and manage the Port Facilities.

203 APPLICATIONS AND INTERPRETATION OF TARIFF

Rates, rules and regulations contained in this Tariff shall apply unless otherwise specified by written amendment.

These rates, rules and regulations shall apply equally to all users of the Port Facilities (and to any individual, person, firm or corporation engaged in and/or responsible for the handling of a Vessel and/or the movement of its Cargo, including but not limited to; Vessel and/or Cargo Agents, Charterers, Brokers, Freight Forwarders and Shippers or Consignees) and generally shall apply to all traffic at the Port Facilities.

204 CONSENT TO TERMS OF TARIFF

The use of the Port Facilities shall constitute a consent to the terms and conditions of this Tariff, and evidence, agreement on the part of all Vessels, their Owners, Operators, Charterers, Mortgagees or Agents, the Cargo Owners and Agents (Shippers or Consignees) and other Users of the Port Facilities, to pay all charges specified, and to be governed by all rules and regulations appertaining to the Port facilities.

205 HELD HARMLESS

Each Vessel Owner, Operator, Charterer or their Agents whose Vessel calls at the Port and each Owner or Agent of Cargo handled there 'at as a condition to receiving services at the Port hereby agrees to indemnify and hold harmless the Port Authority and the Port Operator; any of its agents, servants or employees (and any other person, firm or corporation engaged by the Port Authority and the Port Operator to furnish labour, materials or equipment relating to the receipt or handling of unit loads or Containers, their Cargo or Vessels at the Port) from and against all losses, claims, demands and suits for damages (including court expenses and counsel fees), for death or personal injury or property damage that may be imposed upon the Port Authority and the Port Operator or any of its agents, servants, employees or contractors by any Vessel Owner, Operator or Charterer or such Cargo Owner (or their agents or employees) as a consequence of services at the Port.

206 RESPONSIBILITY FOR DAMAGE TO FACILITIES

All Users of the Port, or their Agents, shall be responsible for any damage resulting from their use of berths or any of the Port Facilities and the Port Operator reserves the right to repair, or otherwise cause to be repaired, any and all such damage at the expense of such users.

207 EXONERATION FROM LIABILITY

As per item 205.

208 ALTERATIONS TO TARIFF

The Port Operator reserves the right to alter, change, or amend from time to time any or all charges, terms, conditions or interpretations contained in this circular with or without prior notice.

209 ACCESS TO RECORDS

The Port Operator reserves the right of access to all Cargo manifests, documents and other information relating to Vessels or Cargo for the purpose of audit and verification of reports filed and

assessment of charges. Any such information so acquired shall not be disclosed to any person other than a member of the Port Authority/Port Operator in carrying out official duties required by law.

210 INSURANCE

Charges published in this Tariff do not include any expense for insurance covering the Cargo, Containers, Vessels or other equipment. It is the Port Facility user’s responsibility to provide such insurance coverage.

211 CURRENCY

All rates are stated and are payable in U.A.E. Dirhams (AED).

212 PAYMENT IN ADVANCE

The Port Operator may at its sole discretion, estimate and collect in advance all charges which may accrue against Cargo or Vessels. Use of the Port Facilities, or permission to sail, may be denied until such advance charges have been paid.

213 PAYMENT OF INVOICES

All invoices are issued as due on presentation, unless otherwise agreed to in writing between the Port Operator and User. If Customer fails to pay, Port Operator has the right to place a lien of retention over the goods handled at the Port Facility and responsible party may be denied further use of the Port Facility until all outstanding charges have been paid. The Port Operator reserves the right to apply interest at the rate of 2% per month or part thereof on any invoice or part thereof remaining unpaid beyond the due date.

- (c) One month for Hazardous Cargo
- (d) One month for Refrigerated Containerised Cargo
- (e) Three months for all other Containerised Cargo
- (g) Six months for Empty Containers

For which the respective Port Tariff and customs charges have not been paid, may be auctioned and sold by Dubai Customs and/or the Port Operator.

Note: For the Goods purchased from Public Auction, Port Handling and Storage Charges shall be collected from the Buyers as per Tariff item 401.16 and 404

226 GENERAL RESTRICTIONS AND LIMITATIONS

Under the application of this Tariff, the Port Operator reserves the right to refuse to provide storage or handling of goods which have not been transported, nor intended to be transported by water to or from Dubai or to provide service beyond the reasonable capacity of the Port Facility or its equipment.

227 FRESH WATER

Fresh water may be purchased from the Port Operator nominated Suppliers at the quayside subject to availability as per supplier's rates.

228 PUBLIC HEALTH SERVICES

Public health services, including garbage collection and pest control are provided by the Port Authority. Compulsory use of these services is required for all Users and Vessels in the Port Facilities. Refer to Appendix 1 for charges.

229 PORT HANDLING

Port Handling is a service charge for providing the Port Facility quays and its waters, other facilities and management and includes handling and movement of Cargo from the hook of the Vessel up to presentation to Consignee's transport and includes standard mechanical equipment and labour.

For lifts over 20 Tons or with unsuitable configuration for handling with standard equipment the Consignee or his Agent must provide suitable crane capacity. Port Facility cranes are available for hiring as required. (See Section G for rates).

230 DIRECT DELIVERY

Charges cover exports delivered directly to Vessel's hook, or imports of which delivery is taken directly from Vessel's hook by the consignee or his agent onto road transport or other mode arranged by him and which are received onto such transport as fast as the Vessel can deliver. Charges also cover bulk materials delivered directly into pipelines.

Prior approval of the Port Operator and the Vessel's Agent must be obtained in each case. If for any reason whatsoever goods for direct delivery are landed to the quay and/or removed to the transit sheds or warehouses or stacked in the open yard, full Port handling charges will be applied.

231 PORT RECEIVING/RELEASING CHARGE (PRC)

PRC is a service charge for providing Port Facility quays, gates and other facilities along with the management of Port Facility property. This charge will be applied against loaded and empty Containers, general (break-bulk) and bulk Cargo trailers entering or exiting Port Facility property which arrived from or released to other than Port Facilities and also which have stayed outside Port Facility custody for a period of more than 20 days. Exemption will apply to Containers or Cargo received for loading on Vessels via the Port Facility quays. However, no free time shall apply.

Containers arriving from or released from other than the Port Facilities for/from Jebel Ali Free zone shall not be exempted from PRC.

Containers may enter/leave Port Facility property either across the quay or through Port Facility gates.

Port handling will be charged as per Item 401 for General Cargo and Item 501 for Containers

232 DOCUMENT PROCESSING CHARGE (DPC)

A Document Processing Charge will be applicable to all types of Customs Bills and any other document that is processed by the Port Operator. See Section G, item 705 for rates

232.1 Cargo Gate Pass

233 PASSENGER HANDLING CHARGES (PHC)

Passenger Handling Charges are applicable to all Cruise/Passenger ships, and Ferry services. See Section D, items 401.17 and 401.18 for rates.

PHC is applicable to each passenger joining or leaving the aforementioned ships, including passengers in transit who use Port Facility to go ashore and return.

234 RFID (Radio Frequency Identification) TAGS FOR CONTAINER TRUCKS ENTERING INTO PORT

Any Truck entering the Port for delivery/receipt of Containers need to have RFID (Radio Frequency Identification) Tag fixed on it. The Tags shall be provided and installed by the Port Operator. See Section G item 704 for rates.

235 DISCHARGING AND LOADING

This shall include supplying Stevedoring Gangs, Winch-men, Signalmen and Foremen for the performance of handling Cargo on-board the Vessel as per Item No. 114.

236 ORDERING STEVEDORING GANGS

The order shall be placed with General Cargo office at least 24 hours prior to the Vessel's arrival. For any order placed at short notice the Port Operator shall allocate gangs as per availability.

237 DETENTION OF STEVEDORING GANGS

If Stevedoring Gangs are kept waiting after being ordered, awaiting the arrival of the Vessel commencement of work, opening or replacing hatch covers, shifting Cargo, cleaning holds, dunnaging or other reasons attributable to the Vessel; the cost of Labour at the rate of AED 300 per gang hour or part thereof shall be for the account of the Vessel.

237.1. If General Cargo Stevedoring operations are stopped due to whatsoever reasons, then the Gang Detention charges of AED 300 per gang hour for the balance number of hours in the shift shall apply.

237.2 In case of any technical fault, which hampers vessel operations, Detention Charges will apply if the fault not rectified within 3 hours. Subsequent to that, the charge will be AED 600 per gang hour.

238 PORT LABOUR

If Port Labour is kept waiting after being ordered for quay/yard/warehouse/any other activity, the cost of Labour at a rate of AED 300 per gang hour, plus equipment and drivers etc., shall be on account of the Consignee or Vessel's Agent/ Operator.

239 GANG ALLOTMENT

The Port Operator is responsible for allotting gangs on board the Vessel at its own discretion. Agent or master is not allowed to switch gangs from one hatch to another unless prior consent from the Port Operator is obtained.

240 FRESH WATER FOR LABOUR

A supply of Potable water shall be made available by the ship or his agent to the labourers on board the Vessel free of cost. In summer season the water supplied shall be cold or with ice.

241 SPECIALIZED CARGO GEAR

The Port Operator will supply the normal Cargo gear needed to effect discharge/loading of Cargo at Tariff rates. However, in the instance of specialized Cargo gear required for discharge or loading of special Cargo or lifts, appropriate Cargo gear will be supplied by the Vessel or its representative. Any such Cargo gear must have up to date certification pertaining to the safety of the Cargo gear being provided.

If no such documentation is available the Port Operator reserves the right to reject such Cargo gear and shall, if possible, supply suitable Cargo gear at Vessel's/agent's cost.

242 LOADING/DISCHARGING REPORT

The daily loading/discharging report must be provided by the agent to the Port Operator by no later than 08:00 hours each day. The said report should give details of Cargo loaded/discharged per hatch the previous day plus all other details affecting the working of the Vessel.

243 DELAY REPORT

Any delay factors which shall be recorded by foreman on board the Vessel shall be certified by Agent and or Master of Vessel. Any dispute shall be resolved at the same time without delay. Refusal to sign does not invalidate the report.

244 DISCHARGING/LOADING AT ANCHORAGE

In case discharging/loading is required at the anchorage, the safety, transportation of Labourers and cost of their meals shall remain the responsibility of the Agent.

245 SAFETY PRECAUTIONS

245.1 The Port Operator reserves the right to provide the safety gear and equipment as required. Cost or hire of such equipment shall be to the Vessel/agent's account.

245.2 Discharging Cargo over 2-3 Containers high or over other Cargo, stowed on deck is dangerous to workforce and can also cause damage to Cargo. Therefore, if such operation is called for, an extra signalman shall be employed to ensure safer working conditions where possible. If extra signalman could do little to improve the situation, alternative arrangements shall be made, either to shift or re-arrange the Cargo to a safer working level. Cost of the signalman and/or cost of the shifting operation shall be raised as appropriate.

246 IMPORT BOATS HANDLING

Consignees are required to pre-arrange for the delivery of cradles along with boats.

247 GENERAL CARGO PACKAGES WITH NIL MARK

250.4 Ship Survey Companies AED 1,500/- per annum

251 VESSEL AGENCY CHANGE

Agency of a vessel can be changed during its stay in the port. Separate rotations should be created by both the agents in advance. Rotations shall be updated internally without sailing and re-berthing of the vessel. In such cases, port dues as per item 301 shall apply individually for each rotation.

SECTION C – MARINE RELATED TARIFF

301 PORT DUES

Port Dues will be levied on all Vessels entering the Port Facility. All charges are based on Tonnage or Tons, and throughout this section shall mean Gross Registered Tons (GRT) or Gross Tons (GT). Where a Vessel has both GRT and GT the higher Tonnage shall apply. Where a Vessel has dual GRT, the higher Tonnage shall apply. Port dues are subject to a minimum charge of AED 160 and are as follows:

301.1 For operational purposes only any period not exceeding 3 days, AED 0.21 per Ton. Any vessel utilising the berth after completion of operations for whatsoever reason will be charged additional AED 400 per hour.

301.2 After 3 days for each day or part thereof, AED 0.11 per Ton.

301.3 Ships calling for reasons of weather or medical assistance - Free upto 24 hours, thereafter AED 0.11 per Ton for each day or part thereof.

301.4 Navy Vessels only on courtesy calls and Vessels calling for water, bunkers, supplies, crew changes or orders or lay by/repair after or before Cargo/Container operation only - AED 0.11 per ton for each day or part thereof, for a maximum of 7 days. For increased port stays special rates may be negotiated with the Port Operator.

301.5 Vessels in distress or disabled will only be accepted with the approval of the Harbour Master.

301.6 If, on completion of Vessel's initial operation, a Vessel opts to remain in the Port awaiting orders, item 301.4 will apply.

301.7 For Vessels other than tankers making consecutive multiple calls at both Jebel Ali and Mina Rashid for the purpose of handling Cargo, Port Dues will be assessed as if the Vessel is making only one continuous Port Facility stay, provided the Agent notifies both ports, prior to the Vessel's departure from the first Port. This will also apply to vessels shifting in between terminals at Jebel Ali as well as Mina Rashid.

302 TUG AND BARGE OPERATION

Normal Port Dues (Item 301) and berthing/un-berthing charges (Item 307) will apply, based on the total GRT or GT whichever is the greater of tug and barge combined, or Deadweight if GRT/GT is not available.

When tug & barge come, for Container/Cargo operation, and sail together, then berthing/un-berthing and Port dues will be charged on the combined GRT of the tug & barges as per normal Tariff 301.1 & 307.

If one tug is used for berthing in the barge and another tug used for sailing out the barge, then the charges for the tug & barge will be made separately. Barge will be charged as per Tariff 301.1 and the tug will be charged as per Tariff item 301.4.

In other instances when a tug tow in a barge or Vessel for lay by/repair, Tariff 301.6 will be applied.

If a supply boat/barge comes to load Cargo / lay by for Free zone companies, then they will be charged as per Tariff item 310.

If in the opinion of the Harbour Master additional marine services are required, they will be billed separately.

1) IMDG Class 1:

- a) Class 1 Cargo for Dubai Importation will be accepted within Dubai Ports only on direct delivery basis during the summer months.
- b) IMDG Class 1 Cargo which requires special storage temperature as per IMDG code and their manufacturer's requirements shall be stored in accordance with their respective requirements to ensure that at no given time does the storage temperature of these Cargo is exceeded.
- c) Export Containers will be accepted within the Dubai Port limits only on the day of exportation/shipment loading.
- d) Storage, Handling and Transportation of Class 1.4S Container Containing Dangerous Goods: Containers containing dangerous goods falling within the classification code 1.4S may be stored within the Port for as maximum period of 8 days subject to strict adherence and observance of the following listed PCFC-EHS port safety requirements:
 - i) The storage of freight containers, containing dangerous goods with the classification code 1.4S, within the port area is restricted to transshipment containers only.
 - ii) All freight containers containing dangerous goods having the classification code 1.4S shall be properly packaged, placarded and marked in accordance with the provisions contained in the IMDG Code, as amended.
 - iii) The Agent shall obtain prior permission from the Concerned Authority, for example, Dubai Police, for the transshipment of a freight container containing dangerous goods having the classification code 1.4S – Any requirements and restrictions imposed by the Concerned Authority shall be strictly observed and adhered to by such Agent.
 - iv) The agent shall ensure advance and accurate submission of the cargo (classification code 1.4S) manifest information to all the concerned authorities in order to facilitate entry/residence of the legitimate/permitted containerised cargo in the storage yard.
 - v) The Agent shall ensure that the period in which a freight container containing dangerous goods having a classification code 1.4S remains in the Port does not, under any circumstances, exceed the allowable 8 day storage period.

- vi) The Agent shall ensure that where the dangerous goods having the classification code 1.4S, which is not normally temperature-controlled but can be exposed to ambient temperature levels equal to or exceeding the maximum allowable ambient temperature level under which such cargo may be transported / stored, such cargo shall be transported / stored under conditions of temperature control such that the temperature of the immediate surroundings of the cargo does not exceed the prescribed maximum ambient temperature allowed for that particular type of cargo.
- vii) Note: The surface of a freight container can heat rapidly when in direct sunlight in nearly windless conditions and the cargo may also become heated. In this regard, the Agent is responsible for ensuring that the Shipper is made aware of prevailing weather conditions (ambient temperatures)
- viii) The Agent shall ensure that all freight containers containing dangerous goods having a classification code 1.4S are locked or suitably secured in order to prevent unauthorized access to the cargo stored therein. Similarly, the Port Operator shall provide and maintain adequate security measures preventing unauthorized persons gaining access to such freight containers.
- ix) Any contravention to these above mentioned requirements may result in appropriate sanctions being imposed which may include imposition of fines against the violator.

2) Gas Lighters, IMO Class 2.1, UN 1057:

- a) Gas lighters in Containers or Break-bulk for Dubai Importation will be accepted within Dubai Ports only on direct delivery basis during the summer months.
- b) Gas lighter exported through Dubai Ports in dry Containers will be accepted within the Dubai Port limits only on the day of exportation/ shipment loading.
- c) Transshipment Containers carrying gas lighters will be accepted within Dubai Ports provided they are stored in reefer Containers.
